

Cross-Travel Handles Soft-Grip Set for 28-Series Trolleys - Fetra 28SQ

Item no. FE-28SQ

Manufacturer Fetra

EAN 4017976281858

Set of two soft-grip push handles for vertical bolt-on at the end face of fetra 28-series order-picking trolleys. Noticeably simplifies moving the trolley sideways.

TECHNICAL DATA

Ausführungsklasse **TEC**Country of Manufacture **Germany**HS-Code **83024900**Warranty **10 years**Weight **2.5 kg**

DESCRIPTION

The 28SQ handles retrofit fetra 28-series order-picking trolleys for sideways cross-travel. The two soft-grip handles bolt vertically to the outside of the end face and give the operator a firm point to push from.

KEY BENEFITS

- Supplied as a set of 2 push handles
- Soft-grip surface for a secure, comfortable hold
- Vertical bolt-on at the end face, retrofittable
- Eases cross-travel in narrow aisles

TECHNICAL DATA

- Scope of supply: 1 set = 2 pieces
- Grip surface: soft-grip
- Mounting: vertical bolt-on at the end face
- Series: fetra 28-series order-picking trolleys

APPLICATIONS

For picking trolleys that are also moved sideways in tight rack aisles, for example when docking at packing stations.

QUALITY AND SERVICE

Made in Germany, 10-year warranty.
