

Tracking Castor TPE 125 mm Guide Wheel for 28-Series Trolleys - Fetra 28SP2

Item no. FE-28SP2

Manufacturer Fetra

EAN 4017976281896

Spring-loaded tracking castor with a 5th TPE wheel of 125 mm dia. for fetra 28-series order-picking trolleys, 1250 x 610 mm load area. Keeps the trolley running straight while still allowing it to turn on the spot.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	87169090
Warranty	10 years
Weight	3.25 kg

DESCRIPTION

The 28SP2 tracking castor adds a fifth, centrally guided wheel to fetra 28-series order-picking trolleys. Mounted on a spring-loaded profiled-steel arm, it keeps the trolley on track over long runs.

KEY BENEFITS

- 5th TPE wheel of 125 mm dia. as a guide wheel for good straight-line tracking
- Spring-loaded profiled-steel arm compensates for uneven floors
- Turning on the spot remains possible despite the tracking guidance
- Matched to the 1250 x 610 mm load area of the 28 series

TECHNICAL DATA

- Guide wheel: TPE, wheel diameter 125 mm
- Mounting: spring-loaded profiled-steel arm
- Suits load area: 1250 x 610 mm
- Series: fetra 28-series order-picking trolleys

APPLICATIONS

For picking trolleys that cover long straight routes and need to run true, such as in multi-zone warehouses and dispatch preparation.

QUALITY AND SERVICE

Made in Germany, 10-year warranty.
