

Divider Grid Compartment 610 mm Wide for 28-Series Chassis Bases - Fetra 28TG6F

Item no. FE-28TG6F

Manufacturer Fetra

EAN 4017976328249

Bright zinc-plated divider grid 610 mm wide as a compartment partition for fetra 28-series chassis bases. Welded wire mesh with a 25 mm grid and welded clamp tabs, fits without tools.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	73269098
Warranty	10 years
Weight	0.4 kg

DESCRIPTION

The 28TG6F divider grid splits fetra 28-series chassis bases into separate compartments and keeps small parts apart. It fits without tools via the welded clamp tabs.

KEY BENEFITS

- Welded wire mesh, bright zinc-plated and corrosion-protected
- Fine 25 mm mesh keeps even small parts securely in the compartment
- Welded clamp tabs, fits without tools
- Width 610 mm, suits 28-series chassis bases

TECHNICAL DATA

- Size: 606 x 95 mm (W x H)
- Mesh size: 25 mm
- Finish: bright zinc-plated
- Mounting: welded clamp tabs, tool-free

APPLICATIONS

For subdividing picking trolleys when small parts are staged separately and picked by type.

QUALITY AND SERVICE

Made in Germany, 10-year warranty.
