Weight	28 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Fetra 32902 brings sorted small parts straight to the assembly or repair station. The three open bins with grip recess are accessed from the front, so screws, standard parts and fasteners stay within reach without searching.

Key benefits

- Three open-front storage bins for front access to sorted small parts
- 200 kg total capacity on the 605 x 405 mm load area
- Four swivel castors with 125 mm TPE tyres for quiet, non-marking travel
- Welded steel tube, powder-coated RAL 5007, long-lasting and easy to clean

Technical data

- Total load capacity: 200 kg

- Capacity per shelf: 50 kg
- Load area: 605 x 405 mm
- Three open bins
- Tyres: TPE, wheel size 125 mm
- Four swivel castors
- Net weight: 28 kg

Applications

For assembly lines, workshop and service where many different small parts should travel separated by type. The open bins shorten reaching distances and keep the workplace clear.

Quality and service

Made in Germany, 10-year warranty on the welded frame.
