DESCRIPTION

The 284 SYSTEM 6 Slotted/PH1 interchangeable blade combines the two most widely used classic drive types in one blade, covering the basic requirements of most assembly tasks with a single piece.

BENEFITS

- Slotted 4.0 mm and Phillips PH1 on one blade - two drives combined, fewer blade changes
- High quality CVM steel, through hardened - reliable torque transfer and long service life
- Titanium silver finish with laser-marked output sizes - instant size recognition
- 6 mm hex shank - compatible with all SYSTEM 6 handles and holders
