

Machine Moving Dolly 3 t, plate 330 x 220 mm - Fetra 6944

Item no. FE-6944

Manufacturer Fetra

EAN 4017976069449

Heavy-duty machine moving dolly with 3000 kg (3 t) capacity on 4 nylon rollers. The 330 x 220 mm load plate pushes heavy machinery across smooth floors with millimetre precision.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	China
HS-Code	73269098
Warranty	10 years
Weight	9.5 kg

DESCRIPTION

The Fetra 6944 machine moving dolly shifts heavy machinery and assemblies up to 3000 kg (3 t) across smooth industrial floors. 4 smooth-running nylon rollers spread the load and allow low-effort, precise positioning.

KEY BENEFITS

- Capacity 3000 kg (3 t)
- 4 nylon rollers for high point load and quiet running
- 330 x 220 mm load plate, low build height
- Sturdy steel construction

TECHNICAL DATA

- Capacity: 3000 kg (3 t)
- Load plate: 330 x 220 mm
- Roller diameter: 85 mm
- Rollers: nylon (polyamide)
- Number of rollers: 4

APPLICATIONS

Machine relocation, positioning of heavy assemblies, use as a set with further dollies and a machine

lifter.

WARRANTY

2-year warranty.
