## STANDARDS & COMPLIANCE

IEC 60900 DIN ISO 8764

## DESCRIPTION

The SoftFinish® handle transmits hand force optimally and reduces strain on wrists and muscles during extended screwdriving. The 36 mm handle diameter enables higher torques suited to larger TORX® T27 screws. With slimTECHNOLOGY, the protective insulation is built into the blade rather than layered over it, making the blade up to 33% slimmer than conventional insulated versions and allowing access to deep-set fasteners. Each screwdriver is individually tested to IEC 60900 and certified VDE/GS. Dimensions: 243 x 36 x 36 mm.

## BENEFITS

- VDE/GS-certified to IEC 60900 - safe on live parts up to 1,000 V AC
- slimTECHNOLOGY - blade up to 33% slimmer for recessed screws
- SoftFinish® handle 36 mm - higher torques for larger screws
- AGR-recommended - ergonomic handle protects wrists and muscles
