

Replacement Hammer Face Very Hard Round 50 mm for Safety Soft-faced Hammer - Wiha 26512

Item no. WH-26512

Manufacturer Wiha

EAN 4010995265120

The Wiha replacement face 831-9, size 50 mm, is made from extremely hard, colourfast polyamide (Nylon) for heavy-duty use in construction, foundries, road building and agriculture. The white hard polyamide transfers impact force directly with minimal deformation and fits the Wiha Safety soft-faced hammer range. Technical weight 112 g.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	39269097
Weight	0.108 kg

DESCRIPTION

The Wiha 831-9 50 mm replacement face in extremely hard white polyamide offers an economical way to renew a worn Safety hammer head. The larger 50 mm diameter distributes impact force over a wider area, beneficial for paving and mould-making applications.

BENEFITS

- Extremely hard white polyamide (Nylon) - direct force transfer, minimal elastic deformation
- Colourfast and wear-resistant for continuous use in harsh environments
- Precise fit for Wiha Safety soft-faced hammer - easy replacement without changing the tool
- 50 mm diameter distributes impact force over a wider contact area

TECHNICAL DATA

- Hammer face diameter: 50 mm
- Technical weight: 112 g
- Material hardness: extremely hard (white)
- Material: polyamide (Nylon)
- Dimensions: 57 x 57 x 48 mm (L x W x D)

APPLICATIONS

Building and construction industries, foundry, mould making, road work, forestry and agriculture, gardening and landscaping. Made in Poland, HS code 39269097.
