DESCRIPTION

The Wiha Safety soft-faced hammer 30 mm in the medium-soft/medium-hard combination offers two striking options in one tool: the black caoutchouc face protects sensitive surfaces in tile laying and paving, while the yellow polyurethane face transmits more force in tool making and mechanical engineering. Both faces protect the workpiece from damage.

BENEFITS

- Medium-soft (black) / medium-hard (yellow) combination - two applications with one hammer
- Recoiling impact effect - reduced effort during repeated blows
- Hickory handle 290 mm - compact overall length for confined working spaces
- GS tested - verified safety
- Hammer faces and handle available as spare parts
