

Soft-faced Hammer Safety Medium Hard/Medium Hard Hickory Handle 30 mm, 290 mm - Wiha 26640

Item no. WH-26640

Manufacturer Wiha

EAN 4010995266400

The Wiha Safety soft-faced hammer 832-55 with a 30 mm round hammer face and 290 mm overall length pairs two replaceable medium-hard plastic faces with a non-slip hickory wooden handle. The recoiling impact effect reduces effort during repeated strikes while protecting the workpiece surface from damage. GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	0.296 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-55 protects sensitive workpiece surfaces through its replaceable medium-hard plastic faces. At 30 mm face diameter and 290 mm overall length, it is well suited to light and medium assembly work, tool making, and mechanical engineering tasks where surface protection and controlled impact are required.

BENEFITS

- Two medium-hard (yellow) plastic faces for universal use without marking the workpiece
- Recoiling impact effect reduces effort during repeated striking
- High-grade hickory wooden handle with a particularly effective non-slip surface
- Hammer faces and handle available as spare parts
- GS-tested quality to German product safety standards

TECHNICAL DATA

- Hammer face diameter: 30 mm
- Overall length: 290 mm
- Hammer head height: 87 mm
- Product dimensions: 290 x 87 x 34 mm (L x W x D)
- Weight: 0.296 kg

APPLICATIONS

Suitable for tool making, mechanical engineering, sheet metal work, assembly tasks, and general workshop use where the workpiece surface must be protected from damage.

Made in Poland. Certification: GS tested. HS: 82052000.
