

Screwdriver SoftFinish® Phillips PH1 x 125 mm with Fixing Function - Wiha 32404

Item no. WH-32404

Manufacturer Wiha

EAN 4010995324049

The Wiha 32404 is a Phillips PH1 screwdriver with a 125 mm blade and ergonomic SoftFinish® multi-component handle. The fixing function holds the screw securely on the bit, making it much easier to position fasteners in hard-to-reach spots. The through-hardened chrome-vanadium blade delivers lasting durability for trade and industrial use.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82054000
Weight	0.085 kg

DESCRIPTION

The 397 SoftFinish® PH1 screwdriver from Wiha is designed for setting and tightening Phillips screws even in confined or deep locations. The built-in fixing function grips the screw backlash-free on the bit and releases it at the touch of a button.

BENEFITS

- Fixing function for secure, backlash-free screw placement in difficult-to-access areas
- Ergonomic SoftFinish® multi-component handle with anti-roll feature, 36 mm handle diameter
- Through-hardened, burnished chrome-vanadium blade for extended service life
- Overall length 236 mm, blade length 125 mm - ample reach for deep installations

TECHNICAL DATA

- Drive: Phillips PH1
