

Gripping Pliers Classic with Wire Cutter 250 mm, Round Clamping Range 8-40 mm - Wiha 29486

Item no. WH-29486

Manufacturer Wiha

EAN 4010995294861

Robust 250 mm gripping pliers of high-resistance nickel-plated special steel with an integrated wire cutter for welded wires. Single-handed operation with quick-release lever and adjusting screw allows fast clamping and release. Flat clamping range 0-20 mm, round 8-40 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82032000
Weight	0.545 kg

DESCRIPTION

The Wiha Z 66 Classic gripping pliers in 250 mm size deliver greater leverage than the 180 mm model due to the longer body. Forged chrome-vanadium steel jaws maintain consistently high clamping force, while the integrated wire cutter handles welded wires without a tool change. The nickel-plated special steel body resists corrosion.

BENEFITS

- Integrated wire cutter for welded wires eliminates tool changes
- Single-handed operation with quick-release lever for fast repositioning
- Forged chrome-vanadium steel jaws for lasting high clamping force
- Nickel-plated special steel body for corrosion resistance
- 250 mm length for higher leverage and larger workpieces up to 40 mm round

TECHNICAL DATA

- Overall length: 250 mm (10")
- Product dimensions: 250 x 67 x 16 mm (L x W x D)
- Opening width flat: 0-20 mm
- Opening width round: 8-40 mm
- Head shape: Bent gripper jaws with wire cutter
- Jaw material: Chrome-vanadium steel, forged
- Body material: High-resistance special steel, nickel-plated

APPLICATIONS

Clamping and holding round and flat material up to 40 mm and cutting welded wires. Suitable for metalworking, automotive workshops, and general assembly where larger workpieces or greater leverage are needed.

Made in Germany. HS code 82032000.
