DESCRIPTION

The Wiha Industrial Stripping Pliers strip cables and strands evenly and cleanly up to a conductor cross-section of 10 mm² or a diameter of 5 mm. The precision cutting prism cuts the insulation uniformly without nicking the conductor; the set screw adjusts quickly to the required cross-section and locks in place.

BENEFITS

- Stripping range 0 to 10 mm² / 0 to 5 mm - covers common cable conductor sizes
- Easily adjustable set screw - fast adjustment without changing tools
- Return spring - effortless, controlled operation of the pliers
- Precision cutting prism - uniform cut without conductor damage
- C70 tool steel, tempered - lasting sharpness even with intensive use
