

Gripping Pliers Classic with Wire Cutter 180 mm, Round Clamping Range 8-30 mm - Wiha 29485

Item no. WH-29485

Manufacturer Wiha

EAN 4010995294854

Classic gripping pliers made of high-resistance nickel-plated special steel with an integrated wire cutter for cutting welded wires. Single-handed operation with quick-release lever and adjusting screw allows fast clamping and release. Flat clamping range 0-20 mm, round 8-30 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82032000
Weight	0.365 kg

DESCRIPTION

The Wiha Z 66 Classic gripping pliers in 180 mm size combine curved gripper jaws of forged chrome-vanadium steel with an integrated wire cutter. The body of high-resistance nickel-plated special steel is built for extended service life. The quick-release lever allows single-handed switching between clamping and releasing.

BENEFITS

- Integrated wire cutter for welded wires eliminates tool changes
- Single-handed operation with quick-release lever for fast repositioning
- Forged chrome-vanadium steel jaws for high clamping force
- Nickel-plated special steel body for corrosion resistance
- Compact 180 mm length for use in confined areas

TECHNICAL DATA

- Overall length: 180 mm (7")
- Product dimensions: 180 x 54 x 16 mm (L x W x D)
- Opening width flat: 0-20 mm
- Opening width round: 8-30 mm
- Head shape: Bent gripper jaws with wire cutter
- Jaw material: Chrome-vanadium steel, forged
- Body material: High-resistance special steel, nickel-plated

APPLICATIONS

Clamping and holding round and flat material, and cutting welded wires. Suitable for metalworking, automotive workshops, and general assembly.

Made in Germany. HS code 82032000.
