

Screwdriver SoftFinish Slotted 5.0 x 150 mm with Fixing Function - Wiha 32870

Item no. WH-32870

Manufacturer Wiha

EAN 4010995328702

The Wiha SoftFinish 398 slotted screwdriver 5.0 x 150 mm features a fixing function that holds the screw on the blade tip, enabling one-hand positioning in hard-to-reach locations. The ergonomic SoftFinish multi-component handle with roll-off protection provides secure grip, while the burnished chrome-vanadium blade ensures lasting precision.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **82054000**

Weight **0.1 kg**

DESCRIPTION

The fixing function of the 398 series clamps the screw onto the blade tip, keeping it in position without a free hand. This allows single-hand assembly in tight cable entries, terminal blocks and similar locations where a second hand cannot assist.

BENEFITS

- Fixing function holds screw on the blade, enabling one-hand positioning
- Slot width 5.0 mm, blade length 150 mm for medium screw sizes
- Ergonomic SoftFinish handle with roll-off protection, diameter 36 mm
- Chrome-vanadium steel, through hardened and burnished

TECHNICAL DATA

- Slot width: 5.0 mm
- Cutting edge thickness: 1.0 mm
- Visible blade length: 150 mm
- Handle diameter: 36 mm
- Overall length: 268 mm
- Dimensions: 268 x 36 x 36 mm (L x W x D)
- Material: Chrome-vanadium steel, through hardened and burnished

APPLICATIONS

Suitable for setting and tightening slotted screws in hard-to-reach positions in electrical installation, switchgear assembly and general fitting work. Made in Germany, HS 82054000.
