

Electronic Diagonal Cutters Wide Pointed Head without Bevel 130 mm - Wiha 27391

Item no. WH-27391

Manufacturer Wiha

EAN 4010995273910

The Wiha Electronic diagonal cutters with a wide, pointed head and cutting edge without exterior bevel deliver absolutely flush cuts on soft wires up to 1.3 mm in the electronics sector. C 70 special tool steel with inductively hardened precision-honed edges ensures sustained cutting performance while being kind to hands and muscles. Ideal for wiring harness and circuit board work.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Italy**

HS-Code **82032000**

Weight **0.101 kg**

STANDARDS & COMPLIANCE

DIN ISO 9654

DESCRIPTION

For precise cutting of soft wires in electronics, Wiha offers these diagonal cutters with a wide, pointed head. The cutting edge without exterior bevel produces absolutely flush cuts with no residual burr, which is particularly important for wires close to circuit boards or components.

BENEFITS

- Wide, pointed head for comfortable work with a clear view of the cutting area
- Cutting edge without exterior bevel for absolutely flush cuts on soft wires
- C 70 special tool steel with inductively hardened, precision-honed cutting edges
- Ergonomically shaped handles for work that is kind to hands and muscles

TECHNICAL DATA

- Overall length: 130 mm (5 1/2")
- Max. wire diameter (soft): 1.3 mm
- Cutting force: level 3
- Dimensions: 180 x 100 x 28 mm (L x W x D)

APPLICATIONS

For absolutely flush cutting of soft wires in the electronics industry. Suitable for fine assembly and wiring harness work. Made in Italy. Standard: DIN ISO 9654.
