

Screwdriver SoftFinish Phillips 531 PH3 x 150 mm with Hex Blade and Solid Steel Cap - Wiha 03239

Item no. WH-03239

Manufacturer Wiha

EAN 4010995032395

The Wiha 531 SoftFinish Phillips PH3 x 150 mm is the most powerful model in the 531 range, designed for large PH3 fasteners: hex bolster AF 13 for spanner-assisted torque, solid steel striking cap, and a large-diameter SoftFinish handle (41 mm, AGR-recommended).

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82054000
Weight	0.249 kg

DESCRIPTION

Large Phillips PH3 screws in industrial or machine-building contexts demand a correspondingly powerful driver. The Wiha 531 SoftFinish PH3 x 150 mm provides a hex bolster (AF 13) that accepts a robust spanner for substantially higher torque, and a solid steel cap that channels hammer blows without energy loss to the screw head. The 150 mm CrVMo blade with ChromTop tip maintains precision in the PH3 recess throughout the tool's service life.

BENEFITS

- Hex bolster AF 13 - high torque with spanner for large PH3 fasteners
- Solid steel striking cap - loss-free hammer energy to PH3 screw heads
- Large SoftFinish handle 41 mm - AGR-recommended for powerful driving
- ChromTop blade tip - accurate fit in the PH3 cross recess
- CrVMo steel, matt chrome - dimensional stability under heavy loads

TECHNICAL DATA

- Phillips profile: PH3
- Visible blade length: 150 mm
- Hex blade diameter: 8 mm
- Hex bolster: AF 13
- Handle diameter: 41 mm
- Overall length: 268 mm

- Material: chrome-vanadium-molybdenum steel, matt chrome

APPLICATIONS

Dry applications in industry and machine building. For heavy Phillips PH3 screws requiring high torque or hammer assistance. Made in Germany (HS 82054000).
