

Soft-faced Hammer Safety Soft/Medium Soft Hickory Handle 40 mm, 325 mm - Wiha 26650

Item no. WH-26650

Manufacturer Wiha

EAN 4010995266509

The Wiha Safety soft-faced hammer 832-13 with a 40 mm round hammer face and 325 mm overall length protects delicate and coated workpiece surfaces with two soft to medium-soft plastic faces. The hickory wooden handle delivers a secure grip for controlled striking. GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	0.637 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-13 with 40 mm face diameter and 325 mm overall length is designed for medium assembly, fine sheet metal, and adjustment work where surface integrity of polished or coated workpieces is critical. Soft to medium-soft plastic faces prevent marking, and both faces and handle are replaceable as spare parts.

BENEFITS

- Two soft to medium-soft plastic faces for optimal surface protection on delicate workpieces
- Recoiling impact effect reduces effort during repeated striking
- High-grade hickory wooden handle with an effective non-slip surface
- Hammer faces and handle available as spare parts
- GS-tested quality to German product safety standards

TECHNICAL DATA

- Hammer face diameter: 40 mm
- Overall length: 325 mm
- Hammer head height: 110 mm
- Product dimensions: 325 x 110 x 45 mm (L x W x D)
- Weight: 0.637 kg

APPLICATIONS

Suited for medium-duty assembly and adjustment work on polished or coated surfaces, fine sheet metal work, and general workshop tasks where any marking of the workpiece must be avoided.

Made in Poland. Certification: GS tested. HS: 82052000.
