

Screwdriver SoftFinish Slotted 6.0 x 175 mm with Fixing Function - Wiha 32871

Item no. WH-32871

Manufacturer Wiha

EAN 4010995328719

The Wiha SoftFinish 398 slotted screwdriver 6.0 x 175 mm has a fixing function for single-hand positioning in difficult-to-access locations. With a 175 mm blade length and 6.0 mm slot width, it handles medium to larger slotted screws; the ergonomic SoftFinish handle with 36 mm diameter ensures comfortable torque application.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82054000
Weight	0.148 kg

DESCRIPTION

The 398 model in the 6.0 x 175 mm size is the longer variant of the slotted screwdriver with fixing function. The fixing function clamps the screw onto the blade tip so it can be positioned without a free hand, even in tight assembly situations.

BENEFITS

- Fixing function for one-hand positioning in hard-to-reach installation locations
- Slot width 6.0 mm, blade length 175 mm for medium to large slotted screws
- Ergonomic SoftFinish multi-component handle with roll-off protection, diameter 36 mm
- Chrome-vanadium steel, through hardened and burnished

TECHNICAL DATA

- Slot width: 6.0 mm
- Cutting edge thickness: 1.2 mm
- Visible blade length: 175 mm
- Handle diameter: 36 mm
- Overall length: 293 mm
- Dimensions: 293 x 36 x 36 mm (L x W x D)
- Material: Chrome-vanadium steel, through hardened and burnished

APPLICATIONS

Suitable for setting and tightening medium to larger slotted screws in hard-to-access positions. Ideal for electrical installation, switchgear assembly and general fitting work. Made in Germany, HS 82054000.
