

Long Flat-Nose Pliers Professional electric Extra Long Head 160 mm - Wiha 26732

Item no. WH-26732

Manufacturer Wiha

EAN 4010995267322

Wiha's Professional electric long flat-nose pliers are VDE-certified for gripping and right-angle bending tasks on live parts up to 1,000 V AC. The extra long head with toothed gripping surfaces holds wires and sheet metal parts securely for accurate right-angle bending, while the high-quality tool steel ensures a long service life.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Vietnam
HS-Code	82032000
Weight	0.16 kg

STANDARDS & COMPLIANCE

IEC 60900 DIN ISO 5745

DESCRIPTION

Wiha's Professional electric long flat-nose pliers are designed for gripping and right-angle bending of wires and sheet metal parts, including work on live parts up to 1,000 V AC. The extra long head allows precise right-angle bending even in tight installation conditions, and the toothed gripping surfaces keep workpieces firmly in place.

BENEFITS

- Extra long head for precise right-angle bending of wires and sheet metal parts
- VDE and GS certified, IEC 60900 - safe operation up to 1,000 V AC
- Toothed gripping surfaces for a firm hold on the workpiece
- High-quality tool steel, heat-treated - durable and load-bearing

TECHNICAL DATA

- Overall length: 160 mm (6 1/2")
- Dimensions: 170 x 60 x 26 mm (L x W x D)
- Head form: extra long head
- Gripping surfaces: toothed

APPLICATIONS

Gripping and right-angle bending of wires and sheet metal parts, including on live parts up to 1,000 V AC. Made in Vietnam. Standards: DIN ISO 5745, IEC 60900.
