

Soft-faced Hammer Safety Medium Hard/Medium Hard Hickory Handle 40 mm, 325 mm - Wiha 26641

Item no. WH-26641

Manufacturer Wiha

EAN 4010995266417

The Wiha Safety soft-faced hammer 832-55 with a 40 mm round hammer face and 325 mm overall length pairs two replaceable medium-hard plastic faces with a sturdy hickory wooden handle. The recoiling impact action protects workpiece surfaces and reduces the effort required during repeated striking. GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	0.609 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-55 with 40 mm face diameter and 325 mm overall length is designed for medium-duty assembly, sheet metal, and tool-making tasks where workpiece surfaces must be protected. Replaceable medium-hard plastic faces absorb the blow while the hickory handle provides a secure, vibration-dampening grip.

BENEFITS

- Two medium-hard (yellow) plastic faces for universal use without marking the workpiece
- Recoiling impact effect reduces effort during repeated striking
- High-grade hickory wooden handle with an effective non-slip surface
- Hammer faces and handle available as spare parts
- GS-tested quality to German product safety standards

TECHNICAL DATA

- Hammer face diameter: 40 mm
- Overall length: 325 mm
- Hammer head height: 110 mm
- Product dimensions: 325 x 110 x 45 mm (L x W x D)
- Weight: 0.609 kg

APPLICATIONS

Suitable for tool making, mechanical engineering, sheet metal work, and assembly tasks where surface protection of the workpiece is required.

Made in Poland. Certification: GS tested. HS: 82052000.
