

Dead-Blow Soft-Faced Hammer Very Hard Steel Tube Handle Round Face 30 mm - Wiha 39017

Item no. WH-39017

Manufacturer Wiha

EAN 4010995390174

The Wiha soft-faced hammer 8021 works without rebound thanks to a hammer head filled with cast iron balls. The robust steel tube handle provides maximum durability and load capacity. Hammer face diameter 30 mm, overall length 290 mm, GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	0.556 kg

DESCRIPTION

The Wiha 8021 soft-faced hammer combines recoilless striking with a particularly robust steel tube handle - the right choice where handle durability is a priority. The cast iron ball filling in the hammer head effectively absorbs rebound and vibration.

BENEFITS

- Recoilless operation via cast iron ball filling - protects workpieces and joints
- Steel tube handle for maximum robustness and longevity even under intensive continuous use
- Very hard striking faces for powerful, precise blows without material abrasion
- Round hammer face (30 mm diameter) for broad force transfer
- GS tested for verified safety

TECHNICAL DATA

- Hammer face diameter: 30 mm
- Overall length: 290 mm
- Dimensions: 290 x 115 x 31 mm (L x W x D)

APPLICATIONS

For recoilless striking on sensitive metal, wood or plastic workpieces, assembling and disassembling components, and wherever intensive tool use demands a highly durable handle.

Made in Poland. GS tested.
