

Soft-faced Hammer Safety medium soft/hard, Ø 50 mm, 360 mm with hickory handle - Wiha 26655

Item no. WH-26655

Manufacturer Wiha

EAN 4010995266554

The Wiha Safety soft-faced hammer 832-15 with 50 mm round face and hickory handle provides recoilless positioning blows with added head mass for greater impact power. Medium-hard (yellow) and soft (blue) faces for different applications. GS tested, overall length 360 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	1.077 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-15 with 50 mm hammer face delivers measured positioning blows without recoil. The special metal filling and the approx. 25% greater head mass provide optimum impact power with reduced effort, while protecting the user's joints.

BENEFITS

- Recoilless action with approx. 25% greater head mass - protects joints and reduces effort
- Yellow medium-hard face (Ø 50 mm) for tool making, mechanical engineering, automotive, sheet metal and assembly work
- Blue soft face (Ø 50 mm) for furniture manufacturing, interior fitting, and light assembly
- Protects sensitive workpiece surfaces and edges through controlled full-contact impact
- Hickory wooden handle with non-slip grip surface - handle and faces available separately

TECHNICAL DATA

- Diameter hammer face: 50 mm
- Overall length: 360 mm
- Hammer head height: 131 mm
- Dimensions: 360 x 131 x 57 mm (L x W x D)

APPLICATIONS

Medium-hard face ideal for tool making, mechanical engineering, car repairs, and sheet metal work.

Soft face for furniture manufacturing, interior fitting, and light assembly. Made in Poland, HS 82052000. GS tested.
