

Dead-blow soft-faced hammer 40 mm, medium-hard faces, steel tube handle - Wiha 02125

Item no. WH-02125

Manufacturer Wiha

EAN 4010995021252

The Wiha 802 soft-faced hammer with a 40 mm round hammer face delivers controlled positioning blows without recoil, thanks to cast iron balls inside the hammer head. Medium-hard yellow faces protect delicate surfaces in machine engineering, car repairs, and assembly work. The ergonomic steel tube handle with non-slip grip reduces fatigue and keeps joints protected.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	0.791 kg

DESCRIPTION

The Wiha 802 soft-faced hammer with 40 mm face diameter provides around 25% more head mass than standard, delivering greater striking power where larger workpieces need precise positioning - without surface damage or recoil strain on the user's joints.

BENEFITS

- Completely recoilless operation via cast iron ball filling - protects joints during frequent use
- Medium-hard yellow hammer faces for universal use in tool and machine engineering, car repairs, and assembly
- Around 25% higher hammer head mass for greater striking power with controlled impact
- Steel tube handle with ergonomic, non-slip grip for fatigue-free work
- Hammer faces available as spare parts - extends tool service life

TECHNICAL DATA

- Hammer face diameter: 40 mm
- Overall length: 305 mm
- Hammer head height: 125 mm
- Product dimensions: 305 x 125 x 40 mm (L x W x D)
- Weight: 0.791 kg

APPLICATIONS

Measured positioning blows on workpieces in machine vices, assembly work in tool and machine engineering, car repairs, sheet metal and assembly work. Ideal wherever striking faces and edges must not be damaged.

Made in Poland. HS code: 82052000.
