

Soft-faced Hammer Safety medium soft/hard, Ø 60 mm, 400 mm with hickory handle - Wiha 26656

Item no. WH-26656

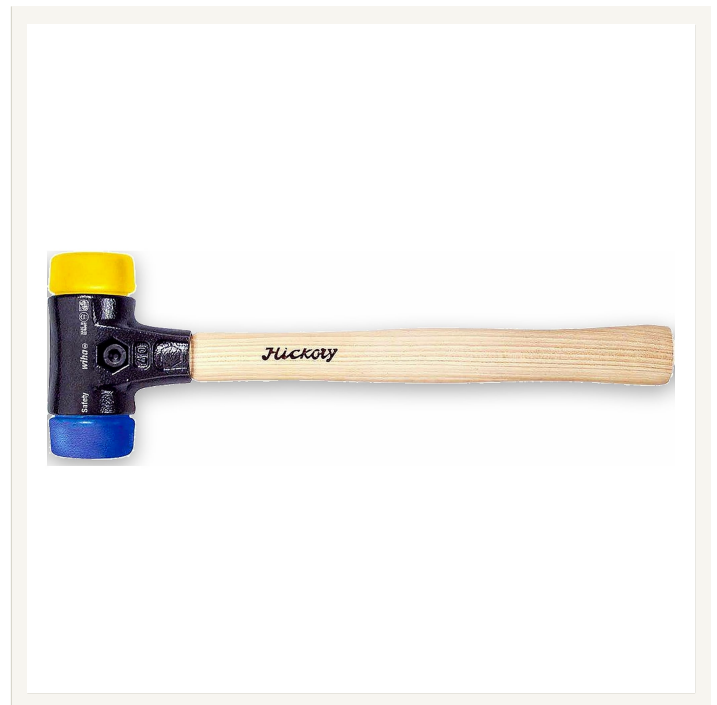

Manufacturer Wiha

EAN 4010995266561

The Wiha Safety soft-faced hammer 832-15 with 60 mm round face and hickory handle offers recoilless blows with added head mass for demanding assembly tasks. Interchangeable medium-hard (yellow) and soft (blue) faces. GS tested, overall length 400 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	1.555 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-15 in the large 60 mm version delivers precise positioning blows without recoil. The special metal filling and the approx. 25% greater head mass provide optimum impact power, while the safety faces protect sensitive workpieces from damage.

BENEFITS

- Recoilless action with approx. 25% greater head mass - protects joints and saves effort
- Yellow medium-hard face (Ø 60 mm) for tool making, mechanical engineering, automotive, sheet metal and assembly work
- Blue soft face (Ø 60 mm) for furniture manufacturing, interior fitting, and light assembly
- Safety faces reliably protect workpiece surfaces and edges from damage
- Hickory wooden handle with highly effective non-slip grip - handle and faces available as spare parts

TECHNICAL DATA

- Diameter hammer face: 60 mm
- Overall length: 400 mm
- Hammer head height: 150 mm
- Dimensions: 400 x 150 x 69 mm (L x W x D)

APPLICATIONS

Medium-hard face for tool making, mechanical engineering, car repairs, and sheet metal work. Soft face for furniture manufacturing, interior fitting, and light assembly. Made in Poland, HS 82052000. GS tested.
