

Water Pump Pliers Professional electric 250 mm with Push-Button Adjustment - Wiha 38632

Item no. WH-38632

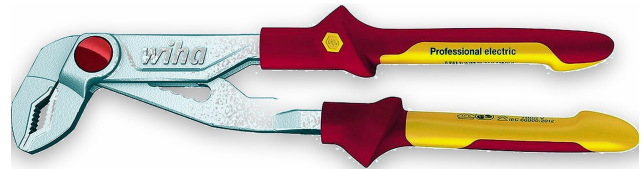

Manufacturer Wiha

EAN 4010995386320

The Professional electric water pump pliers feature 9-step detent adjustment at the push of a button for fast grip-width changes without pinching risk. The box-joint design delivers maximum stability, while the self-clamping action holds pipes and nuts securely under load. Manufactured to IEC 60900 and DIN ISO 8976 for work on live parts up to 1,000 V AC.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Vietnam
HS-Code	82032000
Weight	0.441 kg

STANDARDS & COMPLIANCE

IEC 60900 DIN ISO 8976

DESCRIPTION

Installation and electrical work regularly demands a secure grip on pipes, nuts, and profiles in a wide range of sizes. The Professional electric water pump pliers 250 mm meet this need with a 9-step detent adjustment that locks via push button, allowing grip-width changes without interrupting the workflow. Specially hardened teeth grip reliably even after extended use, and the self-clamping action prevents slipping off the workpiece.

BENEFITS

- 9-step push-button detent adjustment for fast, tool-free grip-width changes
- Integrated clamping protection prevents crush injuries during adjustment
- Box-joint with double guidance for maximum stability
- Slim head and joint profile for access in confined installation spaces
- Anti-slip multi-component handles for a firm grip even with oily hands
- Safe operation up to 1,000 V AC, VDE and GS tested

TECHNICAL DATA

- Overall length: 250 mm (10")
- Spanner size: 50 mm
