

Dead-Blow Soft-Faced Hammer Very Hard Steel Tube Handle Round Face 50 mm - Wiha 39021

Item no. WH-39021

Manufacturer Wiha

EAN 4010995390211

The Wiha soft-faced hammer 8021 works without rebound thanks to a hammer head filled with cast iron balls. The robust steel tube handle provides maximum durability and load capacity. Hammer face diameter 50 mm, overall length 365 mm, GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	1.276 kg

DESCRIPTION

The Wiha 8021 soft-faced hammer combines recoilless striking with a robust steel tube handle. With a 50 mm head diameter and 365 mm overall length, it is designed for medium to heavy assembly and disassembly tasks where both handle strength and striking precision matter.

BENEFITS

- Recoilless operation via cast iron ball filling - protects workpieces and joints
- Steel tube handle for maximum robustness and longevity even under intensive continuous use
- Very hard striking faces for powerful, precise blows without material abrasion
- Round hammer face (50 mm diameter) for broad force transfer on demanding tasks
- GS tested for verified safety

TECHNICAL DATA

- Hammer face diameter: 50 mm
- Overall length: 365 mm
- Dimensions: 365 x 135 x 50 mm (L x W x D)

APPLICATIONS

For recoilless striking in medium to heavy assembly and disassembly tasks, and wherever high handle durability and precise, rebound-free force transfer are required.

Made in Poland. GS tested.
