

Soft-faced Hammer Safety Medium Soft/Very Hard Hickory Handle 60 mm, 400 mm - Wiha 26647

Item no. WH-26647

Manufacturer Wiha

EAN 4010995266479

The Wiha Safety soft-faced hammer 832-99 with a 60 mm round hammer face and 400 mm overall length delivers maximum striking force for the toughest industrial, construction, and agricultural applications. The very hard plastic faces and hickory handle make it the top-spec model in the Safety range. GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	1.637 kg

DESCRIPTION

The Wiha Safety soft-faced hammer 832-99 with 60 mm face diameter and 400 mm overall length is designed for the most demanding applications in heavy industry, construction, and agriculture. Very hard, replaceable plastic faces transmit powerful impacts, while the recoiling action reduces user fatigue and the high-grade hickory handle absorbs residual vibration.

BENEFITS

- Two very hard plastic faces for maximum striking force in heavy industry and construction
- Recoiling impact effect reduces user fatigue during sustained striking
- High-grade hickory wooden handle with an effective non-slip surface
- Hammer faces and handle available as spare parts for extended service life
- GS-tested quality to German product safety standards

TECHNICAL DATA

- Hammer face diameter: 60 mm
- Overall length: 400 mm
- Hammer head height: 150 mm
- Product dimensions: 400 x 150 x 69 mm (L x W x D)
- Weight: 1.637 kg

APPLICATIONS

Suited for building and construction industries, foundry and mould making, road work, forestry and agriculture, and gardening and landscaping.

Made in Poland. Certification: GS tested. HS: 82052000.
