

Sledgehammer Safety medium soft/very hard, Ø 80L mm, 840 mm with hickory handle - Wiha 26661

Item no. WH-26661

Manufacturer Wiha

EAN 4010995266615

The Wiha Safety sledgehammer 832-39 L with 80L mm hammer face and long hickory handle (840 mm) delivers powerful recoilless blows for heavy industry and construction. Interchangeable medium-soft (black) and very hard (white) faces. GS tested.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82052000
Weight	3.324 kg

DESCRIPTION

The Wiha Safety sledgehammer 832-39 L with 80L mm face and 840 mm handle is designed for heavy-duty use in construction and industry. The recoiling impact effect reduces effort during extended use, while the safety faces protect the material being worked from damage.

BENEFITS

- Long hickory wooden handle (840 mm) for powerful blows with lever advantage
- Recoiling impact effect - less effort required during repeated blows
- Very hard white face (Ø 80L mm) for heavy industry, construction, foundries, and road building
- Medium-soft black face (Ø 80L mm) for paving, tiling, and drywall construction
- Safety faces and ergonomic hickory handle available as spare parts

TECHNICAL DATA

- Diameter hammer face: 80L mm
- Overall length: 840 mm
- Hammer head height: 185 mm
- Dimensions: 840 x 185 x 91 mm (L x W x D)

APPLICATIONS

Very hard face for heavy industry, construction, foundries, and road building. Medium-soft face for paving, tiling, and drywall. Made in Poland, HS 82052000. GS tested.
