

Automatic Solder Feed System V-Groove 1.0mm - Hakko 375-08

Item no. HK-375-08

Manufacturer Hakko

EAN 4962615015908

Compact automatic solder feeder with V-groove anti-splash function. Minimizes solder and flux splash during feeding. Supports solder wire diameters from 0.3mm to 1.0mm. Controllable feed amount via ON/OFF switch. Compatible with standard solder reel stands.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Japan
HS-Code	84609000
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko 375-08 is a compact, space-saving automatic solder feeder engineered to minimize solder and flux splash during soldering operations. Featuring an innovative V-groove cutting mechanism, this system reduces splash by up to 50% compared to standard solder feeding, making it ideal for precision work and high-volume production environments.

KEY FEATURES

- V-groove anti-splash technology reduces solder and flux splash by releasing gas pressure from flux
- Compact, space-saving design fits easily into existing workstations
- Controllable solder feed amount via simple ON/OFF switch
- Compatible with standard solder reel stands and Hakko 611 reel holder
- Supports multiple solder wire diameters for versatile applications
- Optional hand switch or foot switch available for increased efficiency

TECHNICAL SPECIFICATIONS

Applicable Solder Diameters	0.3, 0.5, 0.6, 0.8, 1.0 mm
Solder Feed Length	50 mm

Solder Type	Lead-free (Sn-3Ag-0.5Cu) with halogen-free flux
Operating Temperature Range	350–400°C (soldering iron)
Design	Compact, portable
Country of Origin	Japan

APPLICATIONS

The Hakko 375-08 is ideal for precision soldering tasks where splash reduction is critical, including electronics assembly, PCB rework, and high-reliability soldering. Its compact design makes it suitable for both laboratory and production environments. Compatible with conventional solder reel stands and the Hakko 611 reel holder.

SCOPE OF DELIVERY

- Hakko 375-08 automatic solder feeder unit
- Instruction manual
- Optional accessories: hand switch, foot switch (available separately)
