DESCRIPTION

The Treston workshop bench top is designed for the most demanding continuous use in workshop and industrial settings. The 1.5 mm steel surface makes the top exceptionally impact, scratch and abrasion resistant, ideal for mechanical work, assembly and heavy loads.

FEATURES

- Surface with 1.5 mm steel layer
- Surrounding plastic edges for impact protection
- Colour: grey
- Dimensions (WxDxH): 1500 x 750 x 50 mm
- Weight: 49.29 kg

USE

As a modular component, the top combines with Treston frames and bases to form a load-bearing workstation. The durable steel surface is the right choice for high-stress areas.
