DESCRIPTION

The Treston 852000-07 pair of doors adds a lockable front closure to heavy-duty shelving systems. With an integrated lock, it protects stored materials from unauthorised access, dust and damage.

TECHNICAL DATA

- **Scope of supply:** Pair of doors with lock
- **Width:** 700 mm
- **Height:** 2000 mm
- **Weight:** 25.5 kg
- **System:** Treston heavy-duty shelving

APPLICATIONS

Suitable for storage, workshop and production areas where shelf compartments must be lockable. The doors are fitted to the matching heavy-duty frame of 700 mm width.
