DESCRIPTION

The Treston 852009-49 rear panel closes heavy-duty shelving systems of size 70 at the back. It prevents stored goods from sliding through, increases the lateral rigidity of the shelving and gives a closed appearance.

TECHNICAL DATA

- **Size:** 70
- **Width:** 740 mm
- **Height:** 1990 mm
- **Weight:** 7.5 kg
- **System:** Treston heavy-duty shelving

APPLICATIONS

For closing the rear of heavy-duty shelving in storage, workshop and production areas. The rear panel mounts to the matching size 70 frame.
