DESCRIPTION

The Treston rubber mat 852718-00 is shaped to fit the drawer block 70, lining the drawer base with a non-slip surface. It protects sensitive surfaces from scratches and stops tools and small parts from sliding when the drawer is opened or closed.

TECHNICAL DATA

- **Width x depth:** 600 x 600 mm
- **Fits:** drawer block 70
- **Material:** rubber
- **Weight:** 1.26 kg

USE

Ideal for workshops, laboratories and assembly areas where drawer contents need to stay neatly organised and protected against slipping.
