

Perforated panel back wall M1000, RAL 7035 grey, ESD - Treston 861532-49

Item no. TR-861532-49

Manufacturer Treston

ESD M1000 series perforated panel back wall in RAL 7035 grey. Provides flexible mounting for tool hooks and accessories in the electrostatically protected area. Part of the modular Treston system.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Grey
Country of Manufacture	Finland
HS-Code	94032080
Sales unit	1
Weight	547 kg

Kein Produktbild

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The ESD-capable Treston M1000 perforated panel back wall creates a versatile hanging surface for the electrostatic protected area (EPA). Hooks and holders can be positioned freely across the perforations, while the dissipative design protects sensitive electronic components.

TECHNICAL DATA

Property	Value
Article number	861532-49
Series	M1000
Colour	RAL 7035 grey
ESD	Yes (dissipative)

APPLICATION

Ideal for ESD workstations in the M1000 series for electronics manufacturing and assembly.
Integrates into the modular Treston system.
