DESCRIPTION

Treston divider set 1 partitions the interior of drawers in heights 70 and 100 into individual compartments. Small parts, components and tools stay neatly separated and always within reach.

FEATURES

- Material: steel, robust and durable
- Fits Treston drawers 70 and 100
- Variant 1 with coarse compartment layout
- Provides clear, organised storage

APPLICATIONS

Ideal for workshops, assembly workstations and laboratories where many small parts must be kept sorted. The set fits without tools and adapts to your needs.
