DESCRIPTION

The Treston Divider Set 5 lets you organise drawers into individual compartments for a clear, tidy workspace. It installs without tools and adapts to changing storage needs.

FEATURES

- Configuration: Set 5
- Fits drawers of 130, 150 and 250 mm height
- Flexible layout for small parts and tools
- Tool-free installation and reconfiguration

USE

Suitable for organising drawers in workshops, assembly and electronics production. Keeps sensitive components separated and prevents them from sliding.
