## STANDARDS & COMPLIANCE

ESD safe

## DESCRIPTION

The Treston LCS100 ESD castor set converts WB workbenches into a mobile, dissipative workstation. The four swivel castors allow flexible positioning, two of them with a brake. The ESD version safely discharges static charges.

## TECHNICAL DATA

| Feature        | Value                             |
|----------------|-----------------------------------|
| Version        | ESD castor set                    |
| Castors        | 4 swivel castors, 100 mm diameter |
| Brake          | 2 castors lockable                |
| Overall height | 141 mm                            |
| Load capacity  | 150 kg                            |
| ESD            | dissipative                       |

## **APPLICATION**

Ideal for retrofitting WB workbenches in EPA areas that need to be moved flexibly without interrupting ESD protection.
