DESCRIPTION

The Treston TED811-41 is an electrically height-adjustable industrial workbench with a 1100 x 800 mm worktop. The quick, silent and wide height adjustment runs continuously by electric motor from 630 to 1270 mm, enabling ergonomic working while seated or standing.

TECHNICAL DATA

Property	Value
Worktop (W x D)	1100 x 800 mm
Height adjustment	630 - 1270 mm, continuous by electric motor
Max. load capacity	200 kg
Frame colour	Grey (RAL 7035)
Prepared for	Frame-tube module M900
Weight	50 kg

APPLICATION

Suitable for a wide range of industrial environments in assembly, testing and production. The

preparation for frame-tube module M900 allows flexible expansion of the workstation.
