

Set of Dowel Pins for SPANNFIX 9-290, POM Plastic, 30 mm Height - Bernstein 9-900-S1004

Item no. **BS-9-900-S1004**

Manufacturer **Bernstein**

EAN **4250838533188**

This set of four dowel pins for the SPANNFIX 4.0 (item 9-290) securely holds round, oval, irregular and amorphous workpieces. Mounting diameter 8 mm, height approx. 30 mm, material POM, wear-resistant plastic, weight 32 g. One pin has an for scratch-sensitive parts, protects the surface

TECHNICAL DATA

HS-Code	82057000
Weight	0.032 kg

DESCRIPTION

The set of dowel pins extends the SPANNFIX 4.0 (item 9-290) with four attachments made of POM, wear-resistant plastic, letting you securely clamp round, oval, irregular and amorphous workpieces that do not fit between standard clamping jaws.

ADVANTAGES

- enable clamping of round, oval, irregular and amorphous parts
- mounting diameter 8 mm, height approx. 30 mm for a secure hold on the clamping head
- material POM, wear-resistant plastic for lasting use
- suitable for item 9-290 SPANNFIX 4.0
- also suitable for scratch-sensitive parts, protects the surface
- supplied as a set of four in a bag

TECHNICAL DATA

Feature	Value
Suitable for	item 9-290 SPANNFIX 4.0
Mounting	diameter 8 mm
Height	approx. 30 mm
Function	clamping round, oval, irregular, amorphous parts
Feature	also suitable for scratch-sensitive parts, protects the surface
Material	POM, wear-resistant plastic

Feature	Value
Content	pack of 4, in a bag
Weight	32 g

APPLICATION

The four dowel pins adapt in shape and size to different workpieces, rotate on their axis and grip any object firmly. The centering eye of the SPANNFIX 4.0 keeps work aligned perpendicular, so the workpiece can be leveled and machined accurately.
