DESCRIPTION

Clamping varying workpieces in the 9-205-K vice calls for different protective jaws. The 9-900-K50-SET supplies five pairs of 50 mm jaws in felt, cork, leather, and smooth and ribbed plastic, each attached via the Dual Lock pressure fastener.

BENEFITS

- Five pairs of jaws in felt, cork, leather, smooth and ribbed plastic cover every workpiece surface.
- Dual Lock pressure fastener withstands over 1,000 locking cycles and releases without leaving residue.
- Solid, stable and precise connection that holds even under sustained jarring motion.
- One spare Dual Lock strip in the set keeps the system ready to use.
- Fits entirely onto the 9-205-K quick-change vice jaws with a 50 mm jaw width.
