

Protective Vice Jaws with Cork Covering, 150 mm Jaw Width, Magnetic, Pair - Bernstein 9-900-S4150

Item no. BS-9-900-S4150

Manufacturer Bernstein

EAN 4250838531115

These protective vice jaws with a cork covering shield delicate workpieces from scratches at a 150 mm jaw width, while prisms and grooves on the reverse hold round and oval parts securely. The double magnetic strip keeps them firmly in place on steel jaws, for example on the SPANNFIX.

TECHNICAL DATA

HS-Code 82057000

Weight 0.117 kg

DESCRIPTION

To protect delicate workpieces in the vice, these protective jaws with a cork covering offer a 150 mm jaw width and sit firmly on any steel jaw thanks to a double magnetic strip.

ADVANTAGES

- Double magnetic strip holds the protective jaws securely on vice jaws 150 mm wide
- Elastic cork covering made from sustainable cork oak cushions pressure marks
- Prisms and grooves on the reverse side reliably fix round and oval workpieces
- Smooth front side protects scratch-sensitive surfaces from damage
- Compact material thickness of 10 mm at only 117 g weight per pair

TECHNICAL DATA

Feature	Value
