

Glass Fiber Contact Cleaner Brush Ø 4 mm with Twist Mechanism, Plastic Body - Bernstein 2-162

Item no. BS-2-162

Manufacturer Bernstein

EAN 4250838527903

This glass fiber contact cleaner brush with a Ø 4 mm tip and twist mechanism in a plastic body cleans soldering and welding spots, removes rust, and polishes the smallest parts. At 120 mm overall length and 10 g weight, it sits securely in the hand.

TECHNICAL DATA

HS-Code	96039099
Weight	0.0099 kg

DESCRIPTION

For cleaning soldering and welding spots and for rust removal and polishing of the smallest parts, this glass fiber contact cleaner brush with Ø 4 mm tip and twist mechanism feeds the fiber forward as needed.

ADVANTAGES

- Twist mechanism for infinitely variable length adjustment of the fiber, pen-shaped design
- Glass fiber bristles with Ø 4 mm for fine, targeted cleaning
- Suitable for rust removal, polishing and grinding of the smallest parts, and for corrections
- Plastic body, compact at 120 mm overall length and 10 g weight
