AREA OF APPLICATION

The 50 mm plastic protective jaws are trimmed with felt and can be glued in for our ball-and-socket vise 9-205. The high-quality felt covering protects sensitive parts from scratches or damage.

GENERAL INFORMATION

Product fits to our SPANNFIX the multifunctional vice with a flexible head and many possible applications. By using a high-quality ball joint, the head of the SPANNFIX can be tilted and fixed in any direction and offers optimum hold in any position. With the help of an adjusting screw at the lower seat of the ball, the ball mobility can be individually adjusted. The ball is held and released

with a simple lever movement. Long service life is guaranteed by the high-quality, the powder-coated cast aluminium and the surface-finished steel parts!
