

L-key with T-handle Hexagon brilliant nickel-plated 2.0 x 100 mm - Wiha 00904

Item no. WH-00904

Manufacturer Wiha

EAN 4010995009045

The Wiha 334 L-key with Classic T-handle transfers high torque to small hex fasteners with minimal effort. The 2.0 mm blade is made from through-hardened, nickel-plated chrome-vanadium steel in an overlength design with a reinforced blade. Overall dimensions: 126 x 79 x 14 mm.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82054000
Weight	0.021 kg

DESCRIPTION

The Wiha 334 L-key with T-handle uses the Wiha Classic T-handle to deliver high torque with minimal fatigue. The 100 mm overlength blade with 2.0 mm hex drive is reinforced for additional torsional strength. Handle width 80 mm, handle diameter 26 mm.

BENEFITS

- Classic T-handle for high torque transfer with minimal hand effort
- Through-hardened chrome-vanadium steel blade, nickel-plated for corrosion resistance
- Reinforced overlength blade for increased torsional stability
- 80 mm handle width for optimal palm-force transmission

TECHNICAL DATA

- Internal hexagon: 2.0 mm
- T-handle blade length: 100 mm
- Handle width (T-handle): 80 mm
- Handle diameter: 26 mm
- Overall length: 126 mm
- Material: chrome-vanadium steel, through hardened, nickel-plated
- Product dimensions: 126 x 79 x 14 mm

APPLICATIONS

For fatigue-free high torque transfer on small hex fasteners in machine construction and precision engineering. Country of origin: Poland (POL), customs tariff no. 82054000.
