

L-key with T-handle Hexagon brilliant nickel-plated 2.5 x 200 mm - Wiha 00907

Item no.	WH-00907	Manufacturer	Wiha
Manufacturer no.	334025200	EAN	4010995009076

The Wiha 334 L-key with Classic T-handle delivers high torque on hex fasteners with minimal effort. The 2.5 mm blade is an overlength 200 mm design with reinforced blade in through-hardened, nickel-plated chrome-vanadium steel. Overall dimensions: 226 x 79 x 15 mm.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Poland
Execution	TEC
HS-Code	82054000
Weight	0.027 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Wiha 334 L-key with T-handle uses the Wiha Classic T-handle to transfer high torque with minimal fatigue. The extra-long 200 mm blade with 2.5 mm hex drive is reinforced to withstand torsional loads in deep blind holes. Handle width 80 mm, handle diameter 26 mm.

Benefits

- Classic T-handle for high torque transfer with minimal hand effort
- Extra-long 200 mm blade reaches deeply recessed fasteners
- Reinforced overlength blade for increased torsional stability
- 80 mm handle width for optimal palm-force transmission

Technical data

- Internal hexagon: 2.5 mm
- T-handle blade length: 200 mm
- Handle width (T-handle): 80 mm
- Handle diameter: 26 mm
- Overall length: 226 mm
- Material: chrome-vanadium steel, through hardened, nickel-plated
- Product dimensions: 226 x 79 x 15 mm

Applications

For fatigue-free high torque transfer on hex fasteners in deep blind holes and difficult-to-reach locations. Country of origin: Poland (POL), customs tariff no. 82054000.
