DESCRIPTION

The Wiha L-key set 352H11 Compact contains eleven hexagonal L-keys from 1.5 to 10.0 mm in a compact plastic holder. All keys are made from through-hardened chrome-vanadium steel with a brilliant nickel-plated finish and conform to ISO 2936L. Including the special sizes 7 mm and 9 mm, the set covers screw sizes absent from many standard assortments.

BENEFITS

- Complete range from 1.5 to 10.0 mm including special sizes 7 mm and 9 mm
- Compact holder fits into any folding rule pocket
- Chrome-vanadium steel, through hardened for high load capacity
- Brilliant nickel-plated surface for lasting corrosion resistance
- Based on ISO 2936L

TECHNICAL DATA
