DESCRIPTION

The Wiha 369H9B Classic provides nine hex L-keys with ball end in standard sizes 1.5 to 10 mm, kept organised and secure in the Classic holder. The fixed stop point makes returning keys effortless even under pressure, and the clamping prevents them from falling out.

BENEFITS

- 9 sizes from 1.5 to 10 mm - all standard internal hex sizes covered in one set
- Classic holder with clamping and stop point - fast, secure return of every key
- Ball end on all keys - angled access up to 25° for hard-to-reach screws
- Suspension bracket - set hangs directly at the workstation, no separate storage tray needed
- Chrome-vanadium steel, black oxidised - durable and corrosion-protected
