DESCRIPTION

The 370 VB set pairs seven black-oxidised TORX L-keys (T6 to T20) with the Wiha flag handle for effective torque transmission on small-dimension fasteners. The metal workbench stand (104 x 104 x 64 mm) keeps all seven keys ordered and within reach; tip diagrams are printed to scale for quick size identification.

BENEFITS

- Seven TORX sizes T6 to T20 for small to medium precision screws
- Flag handle for high torque output with a compact profile
- Black oxidised finish protects against corrosion and reduces glare
- Sturdy metal workbench stand for organised on-bench storage
- Chrome-vanadium steel, through-hardened and bronzed
