DESCRIPTION

The SoftFinish SB302 6.5 x 150 mm with round blade combines a blade geometry optimised for 6.5 mm slotted screws with the proven SoftFinish handle: the ergonomic hard and soft zones on the handle support powerful turning, while roll-off protection and the screw symbol on the handle end support efficient working. As a complement to DIN dimensions, it fills an important gap in the range.

BENEFITS

- Round blade for reliable access to low-lying 6.5 mm slotted screws
- SoftFinish handle reduces wrist and muscle strain during extended use
- Handle size matched to the professional fastening user's hand
- Roll-off protection keeps the tool safely in place
- Complementary size to DIN dimensions - broadens the application range
